Graduate Institute of Veterinary Clinical Science of the School of Veterinary Medicine at the National Taiwan University (NTU) has one open faculty positions in large animal medicine, starting on August 1, 2026. Applicants must have related clinical training or clinical experience, and veterinarian certificate of R.O.C., background in large animal clinical fields is required. Higher priority is given to those who have expertise in ruminant medicine, large animal surgery, bovine medicine or farm animal health management.

The candidate must provide a published paper (original research article) in an SCI-listed journal, with the candidate listed as the first or corresponding author, published after August 1, 2021, as the representative publication. The candidate will be expected to teach ruminant medicine, large animal medicine and related clinical services include clinical service of ruminant diseases in Disease Diagnostic Center Yun-Lin Division. The position will be at the assistant to full professor level, based on the candidate's qualifications.

To apply, candidates should send a curriculum vita, photocopies of their ID or passport, degree diploma (foreign degrees must be verified by the Ministry of Education's overseas offices of R.O.C.), and two letters of recommendation to huijenn@ntu.edu.tw and ntuvmnewsletter@gmail.com. The application should also include the representative publication, verification of co-authors' contributions (https://www.personnel.ntu.edu.tw/english/News_Content_n_166731_s_206791.html), additional publications from the past 7 years (since August 1, 2019), a publication list, and the title and the outline of courses to be offered. The deadline for application is December 30, 2025. Inquiries should be directed to Miss Chen at huijenn@ntu.edu.tw or by phone at 886-2-33663762 or fax at 886-2-23661475. The position will be subjected to the promotion regulations set by the College of Bioresources and Agriculture at NTU. The NTU School of Veterinary Medicine website can be accessed at <http://www.vm.ntu.edu.tw/>.

National Taiwan University is a top-ranked university in Taiwan with an excellent academic atmosphere. The school, College of Agriculture and Bioresources, and School of Veterinary Medicine provide funding for new faculties to set up their laboratory and office space comfortably. The College of Veterinary Medicine includes the Institute of Veterinary Medicine, the Institute of Molecular and Comparative Pathobiology, and the Institute of Veterinary Clinical Science, providing many different research cooperation opportunities. It is a friendly and high-quality work environment for research and teaching.
